## Supporting Orphans in Need

The children in Malawi want to be educated in order to be self-supporting and self-sufficient. They are desperate to learn the basic skills that they need to help them provide for themselves.

They do not want to be dependant upon charity all their lives.

Their only hope is education so they can learn

### CAN YOU HELP?

- Primary Education up to the age of 11 is provided by the government.
- Secondary Education in Malawi has to be paid for.
- Many children, particularly orphans have little hope of being educated beyond Primary level.
